

# Avantura

TRAVEL

We are offering the complete global traveling experience. Whether you are traveling for business or for pleasure, we have the skills and the intuition to turn your trip into a real journey.

Choosing the right destination is, perhaps, the most important part of any trip. This is why we present you with a palette of choices suitable not only to your budget but also to your personality and style. From sunrise in Chamonix to sunset in the Caribbean, from Dolce Far Niente in Umbria to diving deep into the marine life in Micronesia, we hold the keys to the most hidden, exotic and exclusive doors.

Our Personal Travel Consultants are pleased to be at your disposal throughout the entire trip. Think of them as your very own Concierge, always available, knowledgeable and prepared. They offer tailored tips&tricks but can also take care of more urgent matters.
